Welcome to **Go Green 2**, full of eco-focused packaging, all ready for immediate despatch across the UK and Europe.

We have included many new products, some are environmentally friendly alternatives to plastic, while others are more 'eco' versions of standard virgin plastic products. All these options can help towards reducing plastic waste and your carbon footprint.

Bonus Trading offers great value and an unbeatable service, backed up by an extensive stock range of products. With over 18 years experience, you can count on us for all your packaging and labelling solutions.

### *The Bonus Team*

**We are recognised for our commitment to providing high quality products and services**

**BRCGS  
ACCREDITATION  
AA CERTIFIED**

Storage and Distribution  
**CERTIFICATED**

Bonus Trading has been awarded the highest grade BRCGS certification in the Storage and Distribution sector. We are listed in the BRCGS Global Standards Directory which can be searched online.

**Mission Statement**

“ Our mission is to supply great value services and products, while supporting all of our customers in achieving their targets, and to provide consistent and sustained quality through our professional packaging and labelling solutions. ”

# Need help choosing the best sustainable packaging solutions for your goods?

We have a vast knowledge of the available packaging options to protect your products. We can help explain the pros and cons of new packaging solutions and sustainable materials.

If there is anything in this catalogue that you want to understand better - just call us, we are always happy to talk packaging.

We will provide unbiased advice about the performance of alternative solutions and how well they will suit your exact needs.

We can send samples and carry out on-site or online demonstrations and comparisons.

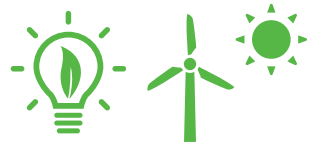

Contact us for expert advice and to discover the perfect packaging for you and your goods.

# HOW WE GO GREENER

Bonus Trading has made more changes to reduce the environmental impact and carbon footprint of doing business

## Energy Usage

Our warehouses now use motion sensor activated LED lighting, so we aren't using energy unnecessarily. Our electricity policy is Zero Carbon and all of our electricity is provided via green, zero-emission energy supplies.

## Reduced Carbon Footprint

We buy stock as close to home as possible to limit CO<sub>2</sub> emissions related to procurement. We have invested in our delivery lorries which are the latest UK standards and we optimise route planning to minimise the number of miles travelled.

## Logistic Improvements

We've made logistical improvements and changes to the products and equipment we use. We source the best high yield supplies to minimise our carbon footprint.

## Materials and Recycling

We use more products made from sustainable materials and where possible we recycle the waste generated during the daily operations of our warehouses and offices.

## Sustainable Forestry

Bonus Trading is a certified FSC® supplier and we uphold the integrity of the FSC® certified product supply chain. We can supply certified products upon request. Our catalogues are printed on FSC® certified paper and also sent without plastic film wrap.

The mark of responsible forestry

Through the **One Tree Planted** organisation, we make donations that help support reforestation projects to plant more trees.

**Our promise is 1 tree for every 23 orders**

Our trees will absorb carbon from the atmosphere for years to come, helping to offset the carbon generated from the activities of our business.

Do you want to start planting trees? Ask us about this or visit [onetreepanted.org](https://onetreepanted.org)

# ECO PACKAGING MATERIALS

How using alternative packaging materials can be better for the environment

## Paper & Cardboard

Paper and card products are generally better than plastic and usually the best environmentally conscious choice for any packaging solutions.

Made from wood pulp, most will break down in nature, many are compostable and/or recyclable.

We can source FSC certified paper and card products upon request.

See compostable paper "Documents Enclosed" wallets on page 43

## Metal

Metal is often a better choice compared to plastic, as the material doesn't usually have a negative impact on the environment.

In most cases, metal products will not cause harm to the natural world after their use. They will oxidize, rust and corrode over years, breaking down and returning to nature. Most metals can also be easily recycled.

See our metal strapping range on page 78

## Plastics

It is well known that plastics are not good for the environment, they are made using fossil fuels and most plastic materials can remain in the environment for many years.

Using recycled plastics is often better, but switching to higher yield products or non-plastic alternative products can be the best way to reduce your plastic use, and also save on Plastic Packaging Tax costs.

See Blue Ocean air pillow void fill on page 68  
Made with 100% recycled plastic

## Bonus Packaging Assessments

To discover more about your packaging use and where improvements can be made, ask us about a packaging assessment and analysis.

## Need more information?

Please contact us if you need more info and details about any specific products, manufacturing processes or any materials data.

Details of the **Plastic Packaging Tax (PPT)** can be found on the [gov.uk](https://www.gov.uk) website

# ECO MATERIAL BADGES

How we indicate the types of materials used in our packaging products

Made from materials that can be composted, this will usually be paper and cardboard. These are made from wood pulp and will break down in nature. Many are constructed with starch based adhesives. Some products, such as envelopes, may have adhesive strips that should be removed before composting.

Made from materials that can be recycled. This could be paper or cardboard, or a recyclable plastic/polymer. Many sturdy and reasonably thick plastic and cardboard materials can be recycled 'kerb-side' via home or business recycle bin collection. Thinner paper materials and plastic films may require being sent to specialist recycling service providers.

Made from materials that might biodegrade - however, some materials are still undergoing lengthy research. These may degrade in nature over time, this could take some weeks, months or years. Oxo-degradable plastics (plastics that are designed to degrade by oxidation) can leave microplastics in the environment.

Card and paper are also technically biodegradable, but for the purpose of our labelling, we are using the more descriptive 'compostable' badge to indicate those products.

Made using recycled materials, either completely or as a percentage of content. The percentage stated within the badge is the approximate amount of recycled content used in manufacture, with the remainder being virgin material. In the case of 30% recycled, this is the minimum percentage, meaning the material will not be subject to plastic packaging tax.

Recycled plastics/polymers may have been sourced from pre-consumer (post-industrial) or post-consumer waste, or a mix of both. Some recycled plastics may not be suitable for use in food packaging, please contact us for more details about individual products.

## OUR TOP PICKS...

A few recommended products from our eco-aware and sustainable packaging solutions.

More online

### 100% PAPER 'DOCUMENT ENCLOSED' WALLETS

Traditionally made of plastic film, these 100% paper wallets are recyclable and compostable. A simple change that makes box recycling easier.

See page 43

### 100% RECYCLED FOAM EDGE PROTECTION

Foam edge protection made from 100% recycled plastic content. Exempt from Plastic Packaging Tax.

See page 54

### CORRUGATED CARDBOARD BOTTLE SLEEVES

100% paper/card construction, the innovative design creates an elasticated effect when stretched over the item.

See page 70

### OPTIMUS® PALLET WRAP

High yield, high performance pallet wrap film. Less plastic, less waste, lower carbon footprint and lower costs. 30% recycled plastic options.

See page 16

Optimus®

### GRIP FILM® ECO PALLET WRAP

High yield hand pallet wrap, 30% recycled film. Uses less plastic, creates less waste, lower carbon footprint.

See page 18

### ECOMMERCE CARDBOARD BOXES

Easy-fold cardboard boxes, requiring less tape. Sized for small parcel and large letter, ideal for ecommerce sales.

See page 46

### RI-FILL PAPER PADDING & VOID FILL

Pad and protect products with 100% paper based shaped padding, void fill and protection.

See page 64

# PROTECTING LOADS

We stock everything you need to prepare your pallet loads and keep them safe during transit & storage.

■ Page 44  
**Boxes & Cartons**

We stock a vast selection of boxes, single and double wall.

■ Page 74  
**Top Sheets**

Protect the tops of your pallet loads.

■ Page 58  
**Layer Pads & Anti-Slip Sheets**

Stabilise layered loads and prevent movement.

■ Page 26  
**Tapes**

Our huge selection includes paper and poly tapes, specialist tapes and security seals.

■ **Labels & Seals**

Apply labels with your branding and information. We stock many different labels, ribbons and printers.

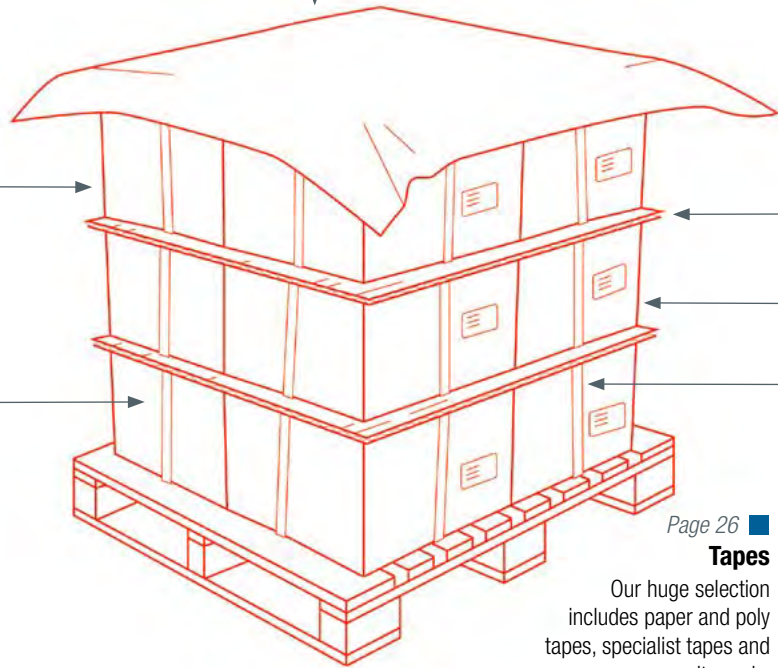

See [bonustrading.co.uk](http://bonustrading.co.uk) or our *InStock* catalogue

■ Page 50  
**Protective Packaging & Void Fill**

Ensure your items are protected inside their boxes. We stock a variety of different protective solutions.

■ Page 58  
**Pallets**

We can supply new or used pallets. We also stock pallet boxes.

Need help choosing the most suitable packaging for your items and loads? Our team can provide advice and recommend options.

Find out which solutions can be more efficient, save costs and time. Ask us about packaging assessments and pallet wrap audits.

■ **Warning Labels**

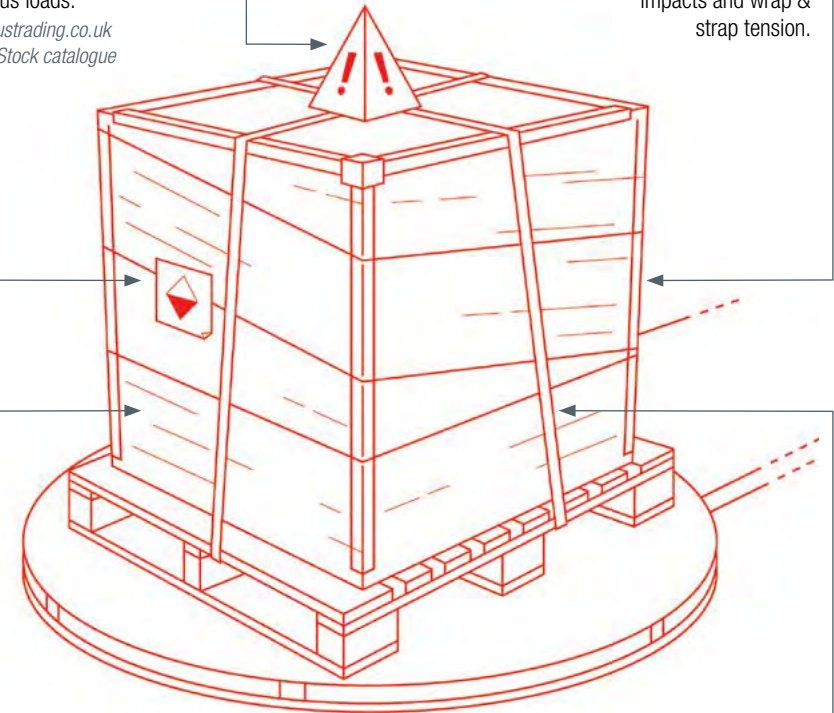

Clear warning labels for hazardous loads. See [bonustrading.co.uk](http://bonustrading.co.uk) or our *InStock* catalogue

■ Page 58  
**Pallet Cones**

Prevent damage from stacking loads of fragile items.

■ Page 54  
**Edge Protection**

Protect edges from light impacts and wrap & strap tension.

■ Page 16  
**Pallet Wrap Stretch Film**

We stock many film types, including high yield to reduce plastic waste.

■ Page 12  
**Pallet Wrapping Machines**

Quickly and efficiently wrap pallets with ease. Our payment plans can help you spread the cost of a new machine.

■ Page 76  
**Strapping**

Secure loads and prevent movement. 100% paper strapping now available.

**Pallet Wrapper Machines** Standard & Electromagnetic

- 1650mm diameter turntable
- Adjustable turntable speed - 5-15 rpm
- Wrapping height: 2.2m
- Capacity: 2000kg
- Carriage type: Mechanical or electromagnetic brake
- Film stretch: Manual adjustable (Std), Electronic (other models)
- Adjustable film carriage speed to achieve the optimum cost effective and secure wrap
- 6 recordable program settings on most models
- Progressive start up, to ensure safe wrapping of unstable loads
- Photozell delay
- Height detection photocell
- Programmable wrap cycles
- Manual cycle
- Easy to view and operate control panel
- OLED display and membrane keypad
- Emergency stop button
- Front and rear forklift entry
- Power: 230v ~
- Ideal to replace hand wrapping of up to 20 pallets (150M) or 30 pallets (150E) per day

**PAYMENT PLANS AVAILABLE** See page 15

# CUSTOM PRINTED PAPER TAPE

ECO FRIENDLY & PRINTED WITH YOUR MESSAGE OR BRANDING

Printed tape with your logo and branding will help your shipments stay visible during transit and keep your brand memorable with your customers.

Custom printing has more uses beyond branding; you can promote goods and services, label product types, add caution messages or show instructions.

We can print on almost any tape including eco friendly paper tapes, reinforced and kraft tapes. We'll also print your other packaging to match. Tell us what you need and we'll print it.

**YOUR MESSAGE

0616006	50mm Replacement Blade	Each
0616005	50mm Replacement Wiper	Each

### e-tape® Replacement Blades & Wipers

Item Code	Description	Size	Unit
0216004	e-tape Dispenser Blade	50mm	Each
0216121	e-tape Dispenser Blade	75mm	Each
0216002	e-tape Dispenser Wiper	50mm	Each
0216122	e-tape Dispenser Wiper	75mm	Each

If you need to use polyprop tape, choose e-tape®  
Fewer roll changes. Lower carbon footprint.  
To see all of our tape ranges, please visit [bonustrading.co.uk](http://bonustrading.co.uk)

**Water Activated Tape (WAT) Gummed Paper Tape**

- Gummed inside (GSI) or gummed outside (GSO)
- Water activated, starch adhesive - safe for the environment
- Recyclable, compostable and biodegradable

Item Code	Width	Length	Type	Colour	Unit	Min. Order
0116129	48mm	200m	GSI	Kraft	Per roll	30 rolls
0116142	48mm	200m	GSI	White	Per roll	30 rolls
0116130	48mm	200m	GSO	Kraft	Per roll	24 rolls
0116131	70mm	200m	GSI	Kraft	Per roll	18 rolls
0116132	70mm	200m	GSO	Kraft	Per roll	16 rolls
0116133	96mm	200m	GSI	Kraft	Per roll	12 rolls
0116134	96mm	200m	GSO	Kraft	Per roll	12 rolls

All water activated gummed tapes without reinforcing filaments are 100% compostable and will fully decompose

Ask us about bespoke tapes and custom printing with your own message

**Reinforced WAT Gummed Paper Tape**

- Water activated, starch adhesive
- Extra strong paper tape
- Non-plastic filaments
- Recyclable

Item Code	Width	Length	Type	Unit	Min. Order
0116140	48mm	100m	GSI	Per roll	12 rolls
0116141	70mm	100m	GSI	Per roll	6 rolls
0116448	70mm	152m	GSI	Per roll	6 rolls

Recommended tape for use with WAT gummed tape dispensers. See page 34

Reinforced gummed tapes feature glass fibre filaments. While not harmful to the environment, these tapes are not compostable and should be recycled.

**Recycled PET Tapes 48mm width**

- 48mm rPET adhesive tape rolls
- Made from 85% recycled plastic consumer waste
- e-tape and ZeroTape options

Made with 85% recycled plastic

Item Code	Length	Type	Colour	Unit	Min. Order
0216128	150m	Hotmelt	Clear	Roll	36 rolls
0216129	150m	Hotmelt	Brown	Roll	36 rolls

Item Code	Length	Type	Colour	Unit	Min. Order
0616033	180m	Hotmelt	Clear	Roll	36 rolls

### Grip® Tape Reinforced WAT Gummed Paper Tape

- Water activated reinforced paper tape

See the video at [bonustrading.co.uk](http://bonustrading.co.uk) or book a live demo with us

Create protective cushioning and padding to secure and stabilise your parcel contents

#### Tips for using paper void fill

- Keep the paper together, rather than using lots of smaller pieces.
- Coiling the paper can offer extra strength, support and performance.
- Placing a paper pad in to the box before the product will provide extra protection.

### Papillon Paper Void Fill

- For use with Papillon Void Fill machines
- Brown - 2.24m<sup>3</sup> per box. Black - 2.5m<sup>3</sup> per box

Item Code	Description	Colour	Width	Length	Unit
4516001	P/P Void Fill	Brown	200mm	280m	Box
4516005	P/P Void Fill	Black	200mm	320m	Box

Thanks to its special, patented shape, the paper cushioning of the PAPERplus® Papillon system offers optimal protection for small and medium-sized shipping goods. It's suitable for filling voids and wrapping products, boasts large volume at a low weight, and is especially soft and flexible.

Item Code	Description	Power
6616041	Papillon Void Fill Machine	240v ~

### Classic Paper Void Fill

- Classic kraft paper roll

Item Code	Description	Width	Length	Unit
4516003	Classic Void Fill	610mm	325m	Roll

The Classic machine processes rolls of kraft paper and recycled paper into padding for protective packaging of medium-weight to heavy-weight products.

- Nine modes of operation
- Produce pads on-demand or program for multiple stations and/or multiple orders
- Unit lock-out capability
- Continuous adjustable operating speed
- Electronically adjustable machine height
- Touch panel operation, moveable control pad
- Effortless mobility for station and set-up changes

Available with table stand, table top stand (bench) or floor stand

Item Code	Description	Power
6616064	Classic Void Fill Machine	240v ~

### Paper Void Fill Dispenser

- Cost effective on-demand void fill for low to medium usage
- Rugged construction
- Can be bench or wall mounted; weighs 6.8kg
- Paper roll braking system prevents over-run
- Integral rip jaws for fast and easy tearing

Item Code	Description	Weight
7716010	Void Fill Dispenser	6.8kg

### Bio Loose Fill

- Good protection for fragile items
- Biofil - Reusable / Biodegradable

Item Code	Description	Unit
6016001	0.425m <sup>3</sup> Biofil Bag	Each

### Cardboard Shredders

- Reuse old boxes as void fill and matting
- Reduce plastic void fill use
- 2yr standard warranty
- C400 - desktop shredder, medium capacity, 10mm infeed, single phase (AC)
- P425 - freestanding shredder, high capacity, 20mm infeed, single or three phase options, optional dust vacuum (requires adaptor)

Item Code	Description
6616250	C400 Shredder - Single phase

Item Code	Description
6616251	P425 Shredder - Single Phase
6616252	P425 Shredder - Single Phase + Adaptor
6616253	P425 Shredder - Three Phase
6616254	P425 Shredder - Three Phase + Adaptor
6616255	P425 Shredder Dust Extractor Vacuum

### Blue Ocean Air Pillows Protective Void Fill

- Air pillows, cushions, padding and void fill
- Light weight protection, saving fuel during shipping
- 100% recycled content, class 4 material
- Fully recyclable
- Space saving before use, rolls take up little space
- Easily inflate to create air filled pillows and cushions using the Blue Ocean air machine
- Free machine hire while regularly ordering film, ask for more details

- Made from 100% recycled plastic, grade 4 LDPE (Low-density Polyethylene), closed loop post-consumer waste, high quality, reduced carbon footprint.

100% recycled film, grade 4. Responsibly sourced, clean post-consumer material

Free machine hire

Item Code	Description	Width	Height	Roll Length	Unit
3216034	Blue Ocean Pillow Void Fill Film	200mm	150mm	1000m	Roll

### AIRplus® Air Pillow Film

Light as a feather and reliably shock-resistant, AIRplus® air pillows are the optimal protective packaging for sensitive products. A variety of pillow shapes can be produced directly at the packing station, therefore saving valuable storage space.

All AIRplus® machine types can be integrated into existing packing processes – including in combination with automated packing lines and storage containers at the packing station.

- 50% recycled content
- Lightweight, easy to use
- Free machine hire, ask for details

Free machine hire

Item Code	Type	Width	Height	Roll Length	Unit
3216003	AIRplus Pillow Film	200mm	65mm	1125m	Roll
3216004	AIRplus Pillow Film	200mm	120mm	1125m	Roll
3216005	AIRplus Pillow Film	200mm	175mm	1125m	Roll
3216019	AIRplus Bubble Film	400mm	160mm	500m	Roll
3216015	AIRplus 2 Pillow Film	400mm	150mm	500m	Roll

### AIRplus Excel Air Machine

The AIRplus Excel is the ultimate void fill application machine, for the high volume user. Free machine hire options\*

- Takes all film types up to 400mm width
  - High Speed: 18 metres per minute
  - Pre-programmable control panel
- \*subject to contract*

Item Code	Size (LxWxH)	Power
6616001	520 x 480 x 400mm	240v ~

### AIRplus Mini Air Machine

Ideal packaging system for void fill applications for the medium volume user. Free machine hire options\*

- Compact design, weighs only 11kgs
  - Takes 200m width film - easy to load
  - Speed: 12 metres per minute
- \*subject to contract*

Item Code	Size (Footprint)	Power
6616002	400 x 300mm	240v ~

### Elasticated Corrugated Cardboard Bottle Sleeves

- 100% paper/card material construction
- Corrugated cardboard bottle protection
- No plastic, can be recycled or composted
- Innovative design allows cardboard to stretch for a secure fit
- Folded card expands to fit various sizes and shapes
- Can be used to protect a variety of different items

See online

Other sizes can be supplied, suitable for products such as drinks bottles, cosmetics and even protection for small electrical devices.

100% paper.  
Recyclable and  
compostable.

100% cardboard construction. The innovative folded cardboard design results in a tight fit without any elastic threads.

Item Code	Size	To Fit	Unit	Min. Order
4516015	70-90mm dia. x 270mm + 30mm base fold	Wine bottle	Each	100
4516017	55-65mm dia. x 220mm + 20mm base fold	Beer bottle	Each	150

Talk to us about custom made sleeves for your products and brand. Choose from over 30 colours.

### Biodegradable Bottle Air Bags

- Air protection bags designed for wine bottles
- Can be used for sending other items such as electronic devices
- Made from biodegradable plastic

3216037

3216036

3216035

Item Code	Description	Inflated Bag Dimensions (LxWxH)	Gauge	Unit
3216037	Wine - Bio Treble Bottle Air Bags	100 x 390 x 120mm(x3)	415	100
3216036	Wine - Bio Double Bottle Air Bags	100 x 390 x 120mm(x2)	415	150
3216035	Wine - Bio Single Bottle Air Bags	100 x 390 x 110mm	410	250

### Air Bag Inflating

For medium to high volume requirements, it is recommended to use a suitable air compressor for inflating bags. A manual hand pump is only suggested for low volume, occasional use.

- Compressor has 3.5ltr tank and is supplied with foot pedal and nozzle

6616103

Item Code	Description	Unit
6616102	Small Compressor 3.5ltr - for Air Bags - frequent use	Each
6616103	Small Hand Pump - for Air Bags - occasional use	Each

  - 13-16mm strap width adjustment
- Strapping and seals not included*

Item Code	Description	Weight
1316004	Mill Wound Strap Trolley	24kg

### Ribbon Wound Strapping Trolley

- Separate plastic tote for seals and tools
  - 19-32mm strap width adjustment
- Strapping and seals not included*

Item Code	Description	Weight
1316011	Ribbon Wound Strap Trolley	16.4kg

### Polyprop Strapping Trolley

- For polyester and polypropylene strapping
  - Compatible with strapping on plastic reels
  - Integral tote holder for holding seals
- Strapping and seals not included*

Item Code	Description	Weight
1316007	Polypropylene Strap Trolley	6.3kg

### Pallet Probe

- Ideal for feeding strapping under pallets
- Suitable for polyprop, polyester & steel strapping
- 1.4m long, 19mm wide

Item Code	Description	Length	Unit
7016021	Pallet probe	1400mm	Each

### Tensioner/Sealer Kit with Dispenser

- Kit contents:  
 Dispenser (1316009); Std Tensioner 7016040  
 12mm Sealer (7016034); 1500m coil of 12mm  
 black strapping (5116010); 500 seals (5916054)

Item Code	Description	Weight
6116020	Polypropylene Strap Trolley	6.3kg

### Tensioner/Sealer Kit with Trolley

- Kit contents:  
 Trolley (1316007); Std Tensioner (7016040)  
 & 12mm Sealer (7016034); 1500m coil of 12mm  
 black strapping (5116010); 500 seals (5916054)

Item Code	Description
6116017	Tensioner/Sealer Kit

### Combi Strapping Kit with Trolley

- Kit contents:  
 Trolley (1316007); Combination Tool (7016030)  
 1500m coil of 12mm black strapping (5116010);  
 500 seals (5916054)

Item Code	Description	Weight
6116018	Polypropylene Strap Trolley	6.3kg

### Stainless Steel Tensioner

- High quality tensioning tool for stainless steel strapping
- For use with 12mm and 19mm strapping band

Item Code	Strap Width	Weight
7016043	12mm and 19mm	1.4kg

### HD Polypropylene Tensioner

- Maximum strap width 19mm
- Good for high strap tension
- Weight 2.2kg

Item Code	Strap Width	Model	Weight
7016036	19mm	HPT	2.2kg

### Std Polypropylene Tensioner

- General use tensioner; strapping up to 19mm
- Designed for use with semi-open or closed metal seals

Item Code	Strap Width	Model	Weight
7016040	19mm	TST30	1.3kg

### Std Polypropylene Strap Sealer

- Single notch action releases highly tensioned strap more easily
- Used on semi-open seals

Item Code	Strap Width	Model	Weight
7016034	12mm	SGP12	2.2kg
7016035	16mm	SGP16	2.2kg

### Medium Polypropylene Strap Sealer

- For strapping small cartons, crates and packages
- Designed for use with semi-open or closed metal seals
- Offset jaws for use on serrated seals

Item Code	Strap Width	Model	Weight
7016014	12mm	KNS12	2.0kg
7016015	16mm	KNS16	2.0kg

### Lightweight Polyprop Combi Tool

- For use with serrated seals:  
12mm - 5916047  
16mm - 5916048

Item Code	Strap Width	Model	Weight
7016028	12mm	RSK12	4.7kg
7016029	16mm	RSK16	4.8kg

### Std Polypropylene Combi Tool

- For use with semi-open seals:  
12mm - 5916054  
16mm - 5916052

See strapping seals on page 78

Item Code	Strap Width	Model	Weight
7016030	12mm	SPC12	3.4kg
7016031	16mm	SPC16	3.5kg

### Battery Powered Strapping Tool

Ask us for a demo. On-site or online

Item Code	Description
7016006	Spare Battery 18V
7016007	Battery Charger

- Friction weld tool
- 18V Li-ion battery included
- Digital touch panel
- Brushless DC motor technology
- Battery and charger included
- Simple adjustment for different size strapping
- Advanced friction weld sealing technology
- Impact resistant robust housing
- Perfect balance & ergonomic design

Item Code	Strap Width	Weight
7016108	11-13mm	4.3kg
7016109	15-16mm	4.3kg
7016111	16-19mm	4.4kg

# OUR SERVICES

In addition to our vast product range and bespoke manufacturing, we provide a range of services to help efficiently manage your packaging stock and supply

## Account Management

Our team of dedicated Account Managers have in-depth experience of our full product range and the bespoke requirements of our customers.

They will be able to assist with any enquiry you may have, offering expert advice and the best solutions for all your packaging needs.

## Inventory Management

We specialise in the storage and distribution of packaging, labels and supplies to our clients, making sure the flow of products from our 30,000 sq. ft. of warehouse space arrive on time, when you need them. Inventory management is a fundamental part of a thriving business.

We can procure, stock hold, and organise the logistics for all of your packaging needs.

## Packaging Assessment

If you are looking for the correct packaging to fit your products we can help you.

We have the experience and capability, and we are always looking for new and innovative ways to package and process the array of products our customers deliver.

The better and more efficiently your goods are packaged, wrapped and protected, the more you can add to your bottom line.

## Pallet Wrap Film Audit

Ask us about our free, no-obligation, pallet wrap film audit. We can visit you to carry out comparison tests, show you where improvements can be made to your process and choice of film, reducing your film usage and minimising plastic waste.

You could make huge gains with high yield films, bringing down usage by 50% without any loss of performance, resulting in cost savings and reducing your carbon footprint.

- Wrap comparison tests
- Full report and analysis
- Recommendations and advice
- Projected savings in costs and time
- Reduction in plastic waste
- Reducing your carbon footprint

## Maintenance, Servicing & Repair

We can maintain the smooth running of your packaging and labelling machinery and equipment. We'll also carry out essential repairs, with fast call out, to ensure you get up and running again quickly.

Some of the equipment we support:

- Taping machines
- Label printing machines
- Pallet wrapping machinery
- Strapping machines and equipment
- Gas guns
- ...and more!

## MACHINE FINANCE PAYMENT PLANS

# Optimus® Wrap

Save **50%\***  
with Optimus® films

- High performance wrap
- High yield film
- Reduce costs
- Reduce plastic waste
- Wrap more pallets per roll
- Less machine downtime

**New!**

See films on page 16

## Book a Pallet Wrap Audit

With a free, no-obligation pallet wrap film audit, we will carry out comparison tests and provide a full report about your usage and costs. We often show that...

- Thicker film doesn't always mean stronger
- More wrap layers isn't always better
- Cheaper roll prices may not be lower cost

Regular pallet wrap film
