ECO-FRIENDLY PRODUCTS

BONUS®

Welcome to **Go Green 2**, full of eco-focused packaging, all ready for immediate despatch across the UK and Europe.

We have included many new products, some are environmentally friendly alternatives to plastic, while others are more 'eco' versions of standard virgin plastic products. All these options can help towards reducing plastic waste and your carbon footprint.

Bonus Trading offers great value and an unbeatable service, backed up by an extensive stock range of products. With over 18 years experience, you can count on us for all your packaging and labelling solutions.

*The Bonus Team*

## We are recognised for our commitment to providing high quality products and services

BRCGS
Storage and Distribution
CERTIFICATED

BRCGS
ACCREDITATION
AA CERTIFIED

Bonus Trading has been awarded the highest grade BRCGS certification in the Storage and Distribution sector. We are listed in the BRCGS Global Standards Directory which can be searched online.

### Mission Statement

❝ Our mission is to supply great value services and products, while supporting all of our customers in achieving their targets, and to provide consistent and sustained quality through our professional packaging and labelling solutions. ❞

# Need help choosing the best sustainable packaging solutions for your goods?

We have a vast knowledge of the available packaging options to protect your products. We can help explain the pros and cons of new packaging solutions and sustainable materials.

If there is anything in this catalogue that you want to understand better - just call us, we are always happy to talk packaging.

We will provide unbiased advice about the performance of alternative solutions and how well they will suit your exact needs.

We can send samples and carry out on-site or online demonstrations and comparisons.

Contact us for expert advice and to discover the perfect packaging for you and your goods.

# HOW WE GO GREENER

Bonus Trading has made more changes to reduce the environmental impact and carbon footprint of doing business

## Energy Usage

Our warehouses now use motion sensor activated LED lighting, so we aren't using energy unnecessarily. Our electricity policy is Zero Carbon and all of our electricity is provided via green, zero-emission energy supplies.

## Reduced Carbon Footprint

We buy stock as close to home as possible to limit $CO_2$ emissions related to procurement. We have invested in our delivery lorries which are the latest UK standards and we optimise route planning to minimise the number of miles travelled.

## Logistic Improvements

We've made logistical improvements and changes to the products and equipment we use. We source the best high yield supplies to minimise our carbon footprint.

## Materials and Recycling

We use more products made from sustainable materials and where possible we recycle the waste generated during the daily operations of our warehouses and offices.

## Sustainable Forestry

Bonus Trading is an approved FSC supplier and we uphold the integrity of the FSC certified product supply chain. We can supply certified products upon request.
Our catalogues are printed on FSC certified paper and also sent without plastic film wrap.

**FSC**
www.fsc.org
FSC® C174742

The mark of responsible forestry

**ONE TREE PLANTED**

Through the **One Tree Planted** organisation, we make donations that help support reforestation projects to plant more trees.

Our trees will absorb carbon from the atmosphere for years to come, helping to offset the carbon generated from the activities of our business.

## Our promise is 1 tree for every 23 orders

Do you want to start planting trees? Ask us about this or visit **onetreeplanted.org**

# ECO PACKAGING MATERIALS

How using alternative packaging materials can be better for the environment

### Paper & Cardboard

Paper and card products are generally better than plastic and usually the best environmentally conscious choice for any packaging solutions.

Made from wood pulp, most will break down in nature, many are compostable and/or recyclable.

We can source FSC certified paper and card products upon request.

### Metal

Metal is often a better choice compared to plastic, as the material doesn't usually have a negative impact on the environment.

In most cases, metal products will not cause harm to the natural world after their use. They will oxidize, rust and corrode over years, breaking down and returning to nature. Most metals can also be easily recycled.

### Plastics

It is well known that plastics are not good for the environment, they are made using fossil fuels and most plastic materials can remain in the environment for many years.

Using recycled plastics is often better, but switching to higher yield products or non-plastic alternative products can be the best way to reduce your plastic use, and also save on Plastic Packaging Tax costs.

Made with 100% recycled plastic

### Bonus Packaging Assessments

To discover more about your packaging use and where improvements can be made, ask us about a packaging assessment and analysis.

### Need more information?

Please contact us if you need more info and details about any specific products, manufacturing processes or any materials data.

Details of the **Plastic Packaging Tax** (PPT) can be found on the **gov.uk** website

# ECO MATERIAL BADGES

How we indicate the types of materials used in our packaging products

**COMPOSTABLE**

Made from materials that can be composted, this will usually be paper and cardboard. These are made from wood pulp and will break down in nature. Many are constructed with starch based adhesives. Some products, such as envelopes, may have adhesive strips that should be removed before composting.

**RECYCLABLE**

Made from materials that can be recycled. This could be paper or cardboard, or a recyclable plastic/polymer. Many sturdy and reasonably thick plastic and cardboard materials can be recycled 'kerb-side' via home or business recycle bin collection. Thinner paper materials and plastic films may require being sent to specialist recycling service providers.

**BIO DEGRADABLE**

Made from materials that might biodegrade - however, some materials are still undergoing lengthy research. These may degrade in nature over time, this could take some weeks, months or years. Oxo-degradable plastics (plastics that are designed to degrade by oxidation) can leave microplastics in the environment.

Card and paper are also technically biodegradable, but for the purpose of our labelling, we are using the more descriptive 'compostable' badge to indicate those products.

**100% RECYCLED**
**50% RECYCLED**
**30% RECYCLED**

Made using recycled materials, either completely or as a percentage of content. The percentage stated within the badge is the approximate amount of recycled content used in manufacture, with the remainder being virgin material. In the case of 30% recycled, this is the minimum percentage, meaning the material will not be subject to plastic packaging tax.

Recycled plastics/polymers may have been sourced from pre-consumer (post-industrial) or post-consumer waste, or a mix of both. Some recycled plastics may not be suitable for use in food packaging, please contact us for more details about individual products.

# OUR TOP PICKS...

**TOP PICK**

A few recommended products from our eco-aware and sustainable packaging solutions.

## 100% PAPER 'DOCUMENT ENCLOSED' WALLETS

**RECYCLABLE**

**COMPOSTABLE**

Traditionally made of plastic film, these 100% paper wallets are recyclable and compostable. A simple change that makes box recycling easier.

See page 43

## 100% RECYCLED FOAM EDGE PROTECTION

**RECYCLABLE**

**100% RECYCLED**

Foam edge protection made from 100% recycled plastic content. Exempt from Plastic Packaging Tax.

See page 54

## CORRUGATED CARDBOARD BOTTLE SLEEVES

**RECYCLABLE**

**COMPOSTABLE**

100% paper/card construction, the innovative design creates an elasticated effect when stretched over the item.

See page 70

## OPTIMUS® PALLET WRAP

**Optimus®**

**RECYCLABLE**

**30% RECYCLED**

High yield, high performance pallet wrap film. Less plastic, less waste, lower carbon footprint and lower costs. 30% recycled plastic options.

See page 16

## GRIP FILM® ECO PALLET WRAP

**RECYCLABLE**

**30% RECYCLED**

High yield hand pallet wrap, 30% recycled film. Uses less plastic, creates less waste, lower carbon footprint.

See page 18

## ECOMMERCE CARDBOARD BOXES

**RECYCLABLE**

Easy-fold cardboard boxes, requiring less tape. Sized for small parcel and large letter, ideal for ecommerce sales.

See page 46

## RI-FILL PAPER PADDING & VOID FILL

**RECYCLABLE**

**COMPOSTABLE**

Pad and protect products with 100% paper based shaped padding, void fill and protection.

See page 64

# PROTECTING LOADS

We stock everything you need to prepare your pallet loads and keep them safe during transit & storage.

**Boxes & Cartons**
We stock a vast selection of boxes, single and double wall.

**Top Sheets**
Protect the tops of your pallet loads.

**Layer Pads & Anti-Slip Sheets**
Stabilise layered loads and prevent movement.

**Protective Packaging & Void Fill**
Ensure your items are protected inside their boxes. We stock a variety of different protective solutions.

**Pallets**
We can supply new or used pallets. We also stock pallet boxes.

**Tapes**
Our huge selection includes paper and poly tapes, specialist tapes and security seals.

**Labels & Seals**
Apply labels with your branding and information. We stock many different labels, ribbons and printers.
*See bonustrading.co.uk or our InStock catalogue*

Need help choosing the most suitable packaging for your items and loads? Our team can provide advice and recommend options.

Find out which solutions can be more efficient, save costs and time. Ask us about packaging assessments and pallet wrap audits.

**Pallet Cones**
Prevent damage from stacking loads of fragile items.

**Warning Labels**
Clear warning labels for hazardous loads.
*See bonustrading.co.uk or our InStock catalogue*

**Edge Protection**
Protect edges from light impacts and wrap & strap tension.
**Pallet Wrap Stretch Film**
We stock many film types, including high yield to reduce plastic waste.

**Pallet Wrapping Machines**
Quickly and efficiently wrap pallets with ease. Our payment plans can help you spread the cost of a new machine.

**Strapping**
Secure loads and prevent movement. 100% paper strapping now available.

## Pallet Wrapper Machines Standard & Electromagnetic

- 1650mm diameter turntable
- Adjustable turntable speed - 5-15 rpm
- Wrapping height: 2.2m
- Capacity: 2000kg
- Carriage type: Mechanical or electromagnetic brake
- Film stretch: Manual adjustable (Std), Electronic (other models)
- Adjustable film carriage speed to achieve the optimum cost effective and secure wrap
- 6 recordable program settings
- Progressive start up, to ensure safe wrapping of unstable loads
- Photocell delay
- Height detection photocell
- Programmable wrap cycles
- Manual cycle
- Easy to view and operate control panel
- OLED display and membrane keypad
- Emergency stop button
- Front and rear forklift entry
- Power: 230v ~
- Ideal to replace hand wrapping of up to 20 pallets (150M) or 30 pallets (150E) per day

**PAYMENT PLANS AVAILABLE** See page 15

**FROM £99.50 PER MONTH***

**1-30** Recommended to replace hand wrapping 1-30 pallets per day

See machines online

| 6616199 | Loading Ramp (1650mm / 1 tonne) |
| 6616200 | Loading Ramp (1650mm / 2 tonne) |
| 6616201 | Extended Ramp (1650mm / 1 tonne) |

Start wrapping pallets fast and efficiently now. Ask us about machine finance plans.

* Costs correct at printing - autumn 2023

## Pallet Wrapper Machines Power Pre-Stretch

- 1650mm diameter turntable
- Adjustable turntable speed - 5-15 rpm
- Wrapping height: 2.2m
- Capacity: 2000kg
- Carriage type: Power Pre-Stretch Motorised / Pre-stretch 250%
- Film stretch: Potentiometer
- Adjustable film carriage speed to achieve the optimum cost effective and secure wrap
- 6 recordable program settings
- Progressive start up, to ensure safe wrapping of unstable loads
- Photocell delay
- Height detection photocell
- Programmable wrap cycles
- Manual cycle
- Easy to view and operate control panel
- OLED display and membrane keypad
- Emergency stop button
- Front and rear forklift entry
- Power: 230v ~
- Ideal to replace hand wrapping of 30+ pallets per day

**PAYMENT PLANS AVAILABLE** See page 15

**FROM £158 PER MONTH***

**30+** Recommended to replace hand wrapping 30+ pallets per day

**Optimus® Wrapper**

Ask us for a demo

| Item Code | Description |
|-----------|-------------|
| 6616173 | 250E Wrapper - Power Pre-Stretch |

- We can also supply photocells for dark products and grounding frames for installing turntables directly in to the floor slab.

Wrapper base options include low profile and slotted for trolley loading. Ask our team for details.

Ask us about more options for wrapper machines, including ramps, gear sets and weighing kits

* Costs correct at printing - autumn 2023

**go green 2**

## Robot Pallet Wrapper Machines

**Optimus® Wrapper**

- Self propelled wrapping machine
- Automatically moves around the pallet or any sized load
- Stabilises light, irregular and fragile loads easily
- Can wrap pallets in less than a minute
- Choice of carriage types
- Film stretch: Manual adjustable (Std), Electronic (other models)
- Control panel with display
- Smooth, easy movement thanks to movement rudder
- Safety bumpers
- Emergency immediate stop button
- Wrapping height: 2.2m
- Power: 230v ~
- Models available include standard, entry level and PPS

**FROM £150 PER MONTH***

| Item Code | Description |
|-----------|-------------|
| 6616184 | 150MRE Robot Wrapper - Entry Level |
| 6616185 | 150MR Robot Wrapper - Standard |
| 6616186 | 150ER Robot Wrapper - Electromagnetic |
| 6616187 | 250ER Robot Wrapper - Power Pre-Stretch |
| 6616188 | 250ER+ Robot Wrapper - PPS (x2 Motors) |

**Rotary arm pallet wrapping machines** are also available. Ask us for more details or see online at bonustrading.co.uk

Is your pallet wrapper having performance issues? We can replace or service your machines. See page 85

## Optimus® Wrap

**New!**

- **High performance film**
- **Helps to reduce costs**
- **Reduces plastic waste**
- **Wraps more per roll**

Choose from our range of strong, high yield and eco 30% recycled films

# CUSTOM PRINTED PAPER TAPE

## ECO FRIENDLY & PRINTED WITH YOUR MESSAGE OR BRANDING

Printed tape with your logo and branding will help your shipments stay visible during transit and keep your brand memorable with your customers.

Custom printing has more uses beyond branding; you can promote goods and services, label product types, add caution messages or show instructions.

We can print on almost any tape including eco friendly paper tapes, reinforced and kraft tapes.
We'll also print your other packaging to match.
Tell us what you need and we'll print it.

### Tips for using paper void fill

- Keep the paper together, rather than using lots of smaller pieces.
- Coiling the paper can offer extra strength, support and performance.
- Placing a paper pad in to the box before the product will provide extra protection.

More colours available. Ask our sales team for details and a quote
## Papillon Paper Void Fill

- For use with Papillon Void Fill machines
- Brown - 2.24m³ per box. Black - 2.5m³ per box

RECYCLABLE   COMPOSTABLE

| 7016014 | 12mm | KNS12 | 2.0kg |
| 7016015 | 16mm | KNS16 | 2.0kg |

## Battery Powered Strapping Tool

Ask us for a demo. On-site or online

| Item Code | Description |
|-----------|-------------|
| 7016006 | Spare Battery 18V |
| 7016007 | Battery Charger |

- Friction weld tool
- 18V Li-ion battery included
- Digital touch panel
- Brushless DC motor technology
- Battery and charger included
- Simple adjustment for different size strapping
- Advanced friction weld sealing technology
- Impact resistant robust housing
- Perfect balance & ergonomic design

| Item Code | Strap Width | Weight |
|-----------|-------------|--------|
| 7016108 | 11-13mm | 4.3kg |
| 7016109 | 15-16mm | 4.3kg |
| 7016111 | 16-19mm | 4.4kg |

# OUR SERVICES

In addition to our vast product range and bespoke manufacturing, we provide a range of services to help efficiently manage your packaging stock and supply

### Account Management

Our team of dedicated Account Managers have in-depth experience of our full product range and the bespoke requirements of our customers.

They will be able to assist with any enquiry you may have, offering expert advice and the best solutions for all your packaging needs.

### Inventory Management

We specialise in the storage and distribution of packaging, labels and supplies to our clients, making sure the flow of products from our 30,000 sq. ft. of warehouse space arrive on time, when you need them.
Inventory management is a fundamental part of a thriving business.

We can procure, stock hold, and organise the logistics for all of your packaging needs.

### Packaging Assessment

If you are looking for the correct packaging to fit your products we can help you.

We have the experience and capability, and we are always looking for new and innovative ways to package and process the array of products our customers deliver.

The better and more efficiently your goods are packaged, wrapped and protected, the more you can add to your bottom line.

### Pallet Wrap Film Audit

Ask us about our free, no-obligation, pallet wrap film audit.
We can visit you to carry out comparison tests, show you where improvements can be made to your process and choice of film, reducing your film usage and minimising plastic waste.

You could make huge gains with high yield films, bringing down usage by 50% without any loss of performance, resulting in cost savings and reducing your carbon footprint.

**Up to 50% saving**

- Wrap comparison tests
- Full report and analysis
- Recommendations and advice
- Projected savings in costs and time
- Reduction in plastic waste
- Reducing your carbon footprint

### Maintenance, Servicing & Repair

We can maintain the smooth running of your packaging and labelling machinery and equipment.
We'll also carry out essential repairs, with fast call out, to ensure you get up and running again quickly.

Some of the equipment we support:

- Taping machines
- Label printing machines
- Pallet wrapping machinery
- Strapping machines and equipment
- Gas guns
  ...and more!
