grip SYSTEMS

## Grip® Film Twist-Lock Dispenser

- A more efficient way to wrap pallets
- Fast and secure locking system
- Magnetic, up to 15kg pull
- Convenient off-floor storage

Super fast roll change system

Secure non-slip core retention

Set the perfect tension

Extra tough skid plate

Comfortable ergonomic grip

Save up to  
**40%**  
with Grip Film

High yield  
Pre-stretched film

• Use less plastic

• Save on storage space

For Grip Film rolls see page 4

30% recycled content film now available

Code 6616159

**6616159**

## Grip® Film Twist-Lock Magnetic Dispenser

- Lightweight, with ergonomic grip handle
- Magnetic, to keep handy in the warehouse
- Use with rolls of Grip Film pallet wrap

**6616157**

## Grip® Hook

- For storing the Twist-Lock Dispenser
- Includes fixings and adhesive

**7516064**

## Grip® Superior Safety Knife R/hand

- Auto retractable blade
- Die cast metal body
- Easy blade change

## Grip® Film

- Pre-stretched, strong gripping, high yield film
- Pallet wrap rolls for use with the Grip Film dispenser
- Film is recyclable via specialist processors
- Easily recycle roll cores with a core bin
- 45 boxes per pallet (360 rolls)
- 8 rolls per box

[gripfilm]

Reduce plastic usage with Grip Film

Grip Film is a high yield and strong gripping pre-stretched film. Secure loads with less wrap.

- Available in clear, black and colour options

Dispenser not included

Item Code	Type	Size	Colour	Unit/Box
1616005	Superior	400mm x 480m	● Black	8 rolls
1616006	Superior	400mm x 480m	● Blue	8 rolls
1616013	Superior	400mm x 480m	● Green	8 rolls
1616014	Superior	400mm x 480m	● Red	8 rolls
1616015	Superior	400mm x 480m	● Yellow	8 rolls
1616016	Superior	400mm x 480m	● Pink	8 rolls
1616017	Superior	400mm x 480m	● Orange	8 rolls
1616018	Superior	400mm x 480m	● Purple	8 rolls
1616004	Premium	400mm x 420m	○ Clear	8 rolls
1616010	Robust	400mm x 280m	● Black Opaque	8 rolls
1616029	Robust	400mm x 280m	○ White Opaque	8 rolls

grip SYSTEMS

# GRIP® FILM

- 8 rolls per box
- 360 rolls (45 boxes) per pallet

## Superior Film

This outstanding value, medium duty film is suited for most commercial pallet wrapping applications. Available in clear and a variety of semi-transparent colours.

## Elite Film

A lighter and thinner film for lightweight loads. More economical, with longer film lengths per roll. Available in clear.

## Premium Film

This premium quality, heavy duty film is recommended for irregular loads or where stacking patterns may be unbalanced and the load size may not match the pallet size. Multiple protruding edges and corners are wrapped with ease. Available in clear.

## Robust Film

The strongest film option for securing the heaviest and most uneven loads. Available in opaque black and white, ideal for obscuring load contents.

## Fast Roll Change

The non-slip core enables rapid and seamless roll changes in the Grip Film dispenser system.

## Self-Gripping

- Film automatically contracts
- Very little 'necking down'
- Faster wrapping: fewer wrap cycles per pallet

The incredible self-gripping properties of Grip Film are achieved by including specially formulated additives in a consistent and unrivalled manufacturing process.

## Benefits of the unique film formula

- **Less tension required**  
Simply apply the wrap with slight tension
- **Does not need to be stretched around the pallet**  
Automatically contracts and self-grips when applied, providing extra stability
- **High load retention**  
Creates a 'strapping' effect on the load resulting in a powerful grip with excellent pallet stabilisation
- **Less effort required**  
Less operator fatigue and fewer accidents
- **Excellent puncture resistance**  
Wraps corners with ease
- **Unique reinforced edging**
- **Oscillated wound with a cushion of air**  
Will 'bounce' if dropped, will not dent or tear reducing the number of damaged rolls

## 40% Savings

- Less storage space
- Reduced transport costs
- Quicker roll change over
- Less downtime
