ZEROTAPE
First

ZEROTAPE
Classic

LIGHT

25% less weight, compared to conventional dispensers.

PERFORMING

Fewer roll changes and less storage space needed.

ERGONOMIC

Gentle on the wrist due to 75% less wrist straining.

SAFE

Easy blade change due to new click system and safety blade.

PROTECTING

Special housing protects the tape roll completely.

COMFORTABLE

Ventilated handle, robust body and quiet dispensing.

Performance Boosting

Fewer roll changes due to almost 3 times the tape length of many standard tapes.

Comfortable

Easy and smooth unwinding and ventilated handle for better grip.

Sustainable

Longer rolls means less packaging waste, minimising your carbon footprint.

Changing the World of Packaging

ZeroTape - A completely new tape dispenser system, revolutionising the packaging industry

Developed by a talented team of design engineers, every aspect of the packaging process was analysed during development to see how it could be improved.

With its ergonomic design, advanced functionality, ease of use and productivity benefits, ZeroTape is an outstanding product to help improve efficiency of any packaging department.

The time for sore wrists is over - with ZeroTape

Ergonomic Quality

University of Siegen

In cooperation with the Department of Ergonomics at the University of Siegen, the innovative advantages of the ZeroTape packaging tape system were scientifically investigated and confirmed in a comparison of the ergonomic quality of different tape systems.

Standard Dispenser

ZeroTape®

Wide angles, high tension, bent and strained

Reduced angles, relaxed and easy

Ergonomics Award

In recognition of its outstanding importance for the packaging departments of many companies, ZeroTape was awarded the prestigious ECN Prize for outstanding product development.
